As a reminder, the Community Foundation staff processes gifts steadily from the start of the Giving Period through mid-August. All gifts are reviewed prior to posting, including online donations, which creates a delay between gift receipt and when gifts are visible. Note that almost $\frac{2}{3}$ of donations arrive in the last week of the Giving Period. You will be notified when all gifts have been processed. We appreciate your patience!

Thank you, please contact Suzanne, srees@cftetonvalley.org, with any questions!
